BEFORE WINTERIZATION - Recommended the customer:

Fill fuel tanks NOT TO EXCEED 3/4 FULL - Owners will be charged for ALL damaged due to fuel spillage.
Pump holding tank - **(Remember our system shuts down in November)**
Do not disconnect shore power - this will keep batteries charged for bilge pumps.

_____ **COMPLETE PRO-CARE:** Winterization of ALL systems needed that pertain to your boat including
oil change (temperature permitting). Pricing will be flat rated per the below listed items **One simple
check takes care of it all **.
